

Industrial

Watson Lubricants are proud to work in partnership with lubricant leaders to offer a range of branded and own branded products which have been developed with OEM's, scientists and engineers for industrial and manufacturing applications. The products and brands listed have been carefully selected to meet the latest specifications while offering higher performance and protection for a range of variable applications. We trust this helpsheet presents an overview of the brand offering available through Watson Lubricants along with the key benefits, specifications and approvals to help you make your brand and product selection.

Cutting Oils

Description	Benefits	Product Equivalents
A range of neat and soluble cutting oils for various types of metal forming from cutting, milking, drilling, tapping, broaching, stamping, rolling, quenching and spark erosion.	<ul style="list-style-type: none"> Extended tool life Improved sump life Suitable for a wide range of materials Good corrosion protection A fluid recommendation is based on application data being made available 	 Watson Premium Excelcut Range

Compressor Oils

Description	Benefits	Product Equivalents
Premium compressor oils are available in a variety of viscosities designed to meet and exceed a wide range of manufacturer specs and requirements for air, LPG and refrigerant compressors.	<ul style="list-style-type: none"> Protection from wear Controls oxidation Low evaporation 	 Watson Premium Compressor Oil Range  Texaco VDL, Cetus & Capella Range  Shell Corena & Refrigeration Range

Gear Oils

Description	Benefits	Product Equivalents
A range of mineral, synthetic and semi-synthetic gear oils for industrial application including worm gears, reduction gears and open gears.	<ul style="list-style-type: none"> From light to heavy duty applications Mineral through to fully synthetic oils Premium performance Extreme pressure 	 Watson Premium Industrial Gear & Syngear Range  Texaco Meropa, Pinnacle & Synlube Range  Shell Omala & Morlina Range

Machine and Slideway Oils

Description	Benefits	Product Equivalents
A range of slideway oils suitable for a variety of machine tool slideways and machine application.	<ul style="list-style-type: none"> Available in a range of viscosities Excellent lubricity Good corrosion protection 	 Watson Premium Slideway Oil Range  Texaco Way Lubricant X Range  Shell Tonna S Range

Heat Transfer Oils

Description	Benefits	Product Equivalents
A range of heat transfer oils manufactured with quality base oils and additives to give excellent temperature stability and protection.	<ul style="list-style-type: none"> High thermal stability Oxidation control Protects from sludge and lacquer Fast flow characteristics 	<ul style="list-style-type: none">  Watson Premium HT Range  Texaco Texatherm Range  Shell Heat Transfer Range

Turbine Oils

Description	Benefits	Product Equivalents
A range of mineral and synthetic oil suitable for turbines.	<ul style="list-style-type: none"> Suitable for a wide range of steam, combines cycle and gas industrial turbines 	<ul style="list-style-type: none">  Watson Premium Turbine Oil Range  Texaco Regal & Regal Premium Range  Shell Turbo T, CC & GT Range

Hydraulic Oils

Description	Benefits	Product Equivalents
Four ranges of hydraulic, high viscosity index, biodegradable and fire resistant hydraulic oils. Blended for systems operating at high temperature variations, extreme pressure conditions that require high performance and extremely shear stable viscosity improvers and additive systems.	<ul style="list-style-type: none"> Premium high viscosity anti-wear protection and oxidation resistance Opportunities to rationalise Extended system life and service life Outstanding durability in arduous conditions Fire safe range designed for use where safety is required, particularly in the steel industry 	<ul style="list-style-type: none">  Watson Premium Hydraulic, BD, HVI & AF Oil Range  Texaco Rando HD, HDZ, Hydra & Glytex Range  Shell Tellus S2 M, V, IruS & Naturelle Range

Greases

Description	Benefits	Product Equivalents
A range of greases for a wide variety of applications.	<ul style="list-style-type: none"> Lithium Grease EP2 Lithium Complex EP2 Semi (00) and fluid (000) grease for applications where a fluid grease is specified 5th wheel grease 	<ul style="list-style-type: none">  Watson Premium Grease Range  Texaco Multifak/Starplex Range  Shell Gadus Range

Gas Engine Oils

Description	Benefits	Product Equivalents
A range of oils designed specifically for gas engines. The range includes both low and medium ash content.	<ul style="list-style-type: none"> Recommended for naturally aspirated and turbocharged gas engines in stationary applications running on sweet, natural gas, biogas or landfill gas. Jenbacher, Perkins, MWM-Deutz, Wartsila, MTU & MAN approvals 	<ul style="list-style-type: none">  Watson Premium GEO Range  Texaco Geotex Range  Shell Mysella Range

Antifreeze and Summer Coolants

Description	Benefits	Specifications	Product Equivalents
A range of extended life and traditional life winter antifreeze and summer coolants.	<ul style="list-style-type: none"> Protects against winter freezing and summer boiling Extended life protection up to 650,000 KM or 8,000 hours using OAT technology coolant Offers long term protection from corrosion Compatible with a wide range of engine components and metals 	<ul style="list-style-type: none"> BS 6580 MB 325.1 MAN 325 typ SNF Scania TB 1451 GM 6277M Liebherr MD1-36-130 	<ul style="list-style-type: none">  Watson Antifreeze (Blue) Watson Extended Life Antifreeze (Red)  Texaco Antifreeze and Summer coolant (Blue) Texaco Havoline XLC +B2 (OF02) (Red)
